### Tuition and Refund Policy:

If you decide to cancel your registration before the start date, this includes the start of the Self-Study period when applicable, as long as it is at least 30 days before the start, you will receive a refund minus \$500. However, you can apply this amount towards future training. Upon full payment, you will receive an unlimited class pass to the studio. There are no refunds or credits once your class pass is activated.

No refunds or credits after the program starts. If the studio cancels the program before it begins, you will receive a full refund, including the application fee and deposit.

### Attendance Policy and Program Requirements:

Attendance will be tracked using the Mindbody system. Trainees should check-in with the lead trainer at least 5 minutes before each session to ensure proper documentation of attendance. Trainees will be able to track any missed sessions through their Mindbody client account. Attendance at all training sessions is required. However, we understand that conflicts sometimes arise.

In the case of any emergency absences, please notify the program director immediately. If you know in advance of training dates that you have a conflict with, please contact the program director to discuss options. You will be responsible to get notes, etc., from a fellow trainee.

You will also have the option of making up any missed sessions by attending future training dates or scheduling a one-on-one make-up session with the director. This will be an additional cost. You will have 18 months from the first training session to complete all requirements.

If you have a medical emergency or other extraordinary circumstances that would require a leave of absence, you will be able to join a future training to complete your requirements. A

doctor's note stating reason for absence and estimated time of absence is required. You must restart your training within 12 months.

Please note, future trainings are not guaranteed and refunds are not given due to unavailability of future trainings. However, you will have the option to complete your training through the online course offering. There are no price adjustment for this program change.
